

Beating the Zestimate: Predicting Home Price Values in Seattle

Brenner Heintz

Why Study Home Price Data?

- Hottest housing market around
- Companies: Buy undervalued assets
- Buyers vs. Sellers

Seattle area still leading

The Seattle area has now led the nation in home price increases for 14 months in a row.

Walk Score® 

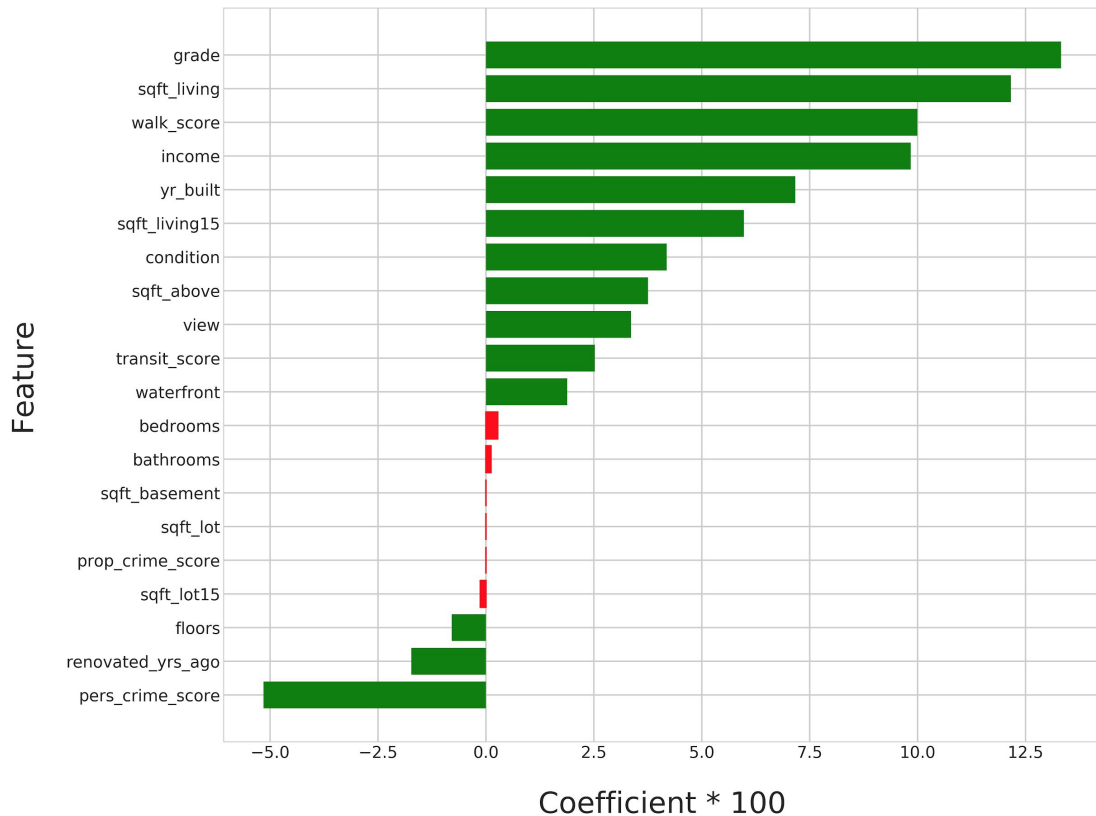

Methodology

- Focus on Seattle
- Dependent Variable:
Log of home prices
- Bring in additional features
- Find the signal...

Incremental Progress

- Data Normalization
- Lasso Regression
- Walk Score, Income = Important Features
- Personal vs. Property Crime Scores
- R-squared: **0.741**
- MSE: **.047**

Results

- Removed redundant variables, normalized
- Added polynomial features
- Ridge regression
- R-squared: **0.781 (train), 0.742 (test)**
- MSE: **.040 (train), .046(test)**

Beating the Zillow “Zestimate”

- Zestimate is not that accurate
- 5% median error
- We could beat it, with more features and time

Portland, OR	★★★★★	816.3K	762.1K	65.3%	84.8%	93.3%	3.4%
Riverside, CA	★★★★★	1.6M	1.3M	65.2%	81.9%	90.6%	3.1%
Sacramento, CA	★★★★★	794.4K	699.6K	63.2%	81.9%	91.7%	3.4%
San Antonio, TX	★	839.8K	759.7K	--	--	--	--
San Diego, CA	★★★★★	907.6K	845.5K	62.7%	83.2%	93.0%	3.5%
San Francisco, CA	★★	1.3M	1.2M	45.3%	69.6%	88.7%	5.7%
Seattle, WA	★★	1.3M	1.2M	49.9%	75.8%	91.5%	5.0%
St. Louis, MO	★	1.2M	1.0M	--	--	--	--
Tampa, FL	★★★★	1.3M	1.2M	58.0%	77.6%	88.9%	3.9%
Washington, DC	★★★★★	1.9M	1.8M	69.7%	87.1%	94.6%	2.8%

Future Work

- Expand scope to King County
- High end / low end
- School scores

Q & A

Appendix

Importance of Walk Scores

Crime Grade

51 University Street compared to all of Seattle.

C

Personal Crime Grade

Average crime area.

A

Property Crime Grade

Lowest crime area.
